### Your escrow shortage summary

Changes in monthly escrow balances are common and due to adjustments in your taxes or insurance. To help ensure you have enough funds in your escrow account to cover these important payments, we require a minimum balance of up to two months of escrow payments in your account.

- The lowest balance in your escrow account over the next 12 months is estimated to be **-\$170.96** in October 2020.
- Minimum required balance means the minimum balance that must remain in your account at all times. Your minimum required balance is **\$0.00**.
- The difference between your estimated low balance and your minimum required balance is the escrow shortage. However, if you are in Chapter 12 or 13, the amount of your escrow shortage may be impacted by a bankruptcy adjustment. A bankruptcy adjustment is an amount comprised of the escrow deficiency and projected escrow shortage. The escrow deficiency is that amount of taxes and insurance we paid on your behalf that remained unpaid as of the date you filed your bankruptcy case. The projected escrow shortage is the amount needed to fund escrow disbursements for the 12 months after you filed bankruptcy case. The escrow deficiency and projected escrow shortage are listed on the proof of claim filed in your bankruptcy case and will be collected through the bankruptcy plan. With the current bankruptcy adjustment of \$0.00, you have an estimated post-petition shortage of **\$170.96**.

Please note: repaying all of your shortage may still lead to a monthly payment increase from your current payment as we need to collect for future disbursements. The ability to repay some or all of the escrow shortage to reduce your payments is not available for accounts more than one post-petition payment past due.

### Monthly payment breakdown

**Important Message:** If you are currently in a bankruptcy case or you received a discharge in a bankruptcy case, then this escrow statement is for information only. The statement is designed to keep you informed on the status of your escrow account. It should not be interpreted or construed as a demand for payment or an attempt to collect, assess or recover all or part of a debt from you. If a Chapter 12 or 13 trustee is making your on-going post petition mortgage payments for you, then please give a copy of this statement to the trustee.

### Optional escrow payment

My escrow account has a shortage of \$170.96. This amount will be automatically spread over 12 months. I don't need to make a payment now. However, while I understand that no payment is due now, I would like to take action on this shortage to reduce my monthly payments and have enclosed a check for:

- ☐ **Option 1:** \$170.96, the total shortage amount. My monthly mortgage payment will be adjusted to \$1,740.01 starting 05/01/20 once this shortage payment is processed.
- ☐ **Option 2:** \$ \_\_\_\_\_, part of the shortage. I understand that the rest of the shortage will be divided evenly and added to my mortgage payment each month.

**Please return this coupon with your check.** Make your check payable to Chase and please include your account number on your check.

An "E" in the chart above means estimated post petition activity that hasn't occurred yet. Please note that any month impacted by an "E" (estimated) deposit, is showing an actual balance that assumes those estimated deposits have been received.

Note: changes in property taxes and/or insurance payments create the difference between the estimated and actual amounts in the chart. The reason(s) why the minimum required balance was not reached may be explained by the items with asterisks, which show the differences between the actual and estimated amounts.

### Your estimated escrow account activity over the next 12 months

Your minimum required balance is determined by the Real Estate Settlement Procedures Act (RESPA), your mortgage contract or state law; it may include up to two months of escrow payments to cover increases in your taxes and/or homeowners insurance. **The chart below is highlighted to show your estimated low balance over the next 12 months.** Your estimated low balance of -\$170.96 minus your minimum required balance of \$0.00 equals **-\$170.96**.

**What this means to you** - With a bankruptcy adjustment of \$0.00, your balance is estimated to be less than the amount needed. The resulting shortage is **\$170.96**.

Frequently asked questions

**Why am I getting an Escrow Analysis?**

We run your Escrow Analysis annually so you know the amount of taxes and/or insurance we paid for you this past year with funds from your escrow account. We also include what we estimate to pay next year.

**What is a minimum required balance?**

For most accounts, the minimum required balance is equal to two months of escrow payments. This minimum balance helps cover any increases in your taxes and/or insurance over the next year.

**Why does my account have a shortage?**

We calculate your monthly escrow payment for the year based on your tax and/or insurance payment amounts at the time your analysis is run. Shortages most frequently occur when your taxes and/or insurance increase during the year. We pay the higher amount due for you. This can create a shortage because we're paying out more than we estimated.

**What do I need to do about this shortage?**

**You don't have to do anything and we will automatically spread the shortage payment evenly across next year's mortgage escrow payments.**

- You have options
  - You can pay all of the shortage now.
  - You can pay part of the shortage now.
- Please note that your escrow payment may still go up, even if you pay all of the shortage, if your tax and/or insurance expenses have gone up.

**Where can I get more information?**

- For answers to more questions and to watch our informational video, visit [www.chase.com/Escrow](http://www.chase.com/Escrow)
